THE ONLY REMEDY :-HART'S VEGETABLE EXTRACT is an invaluable remedy for Epileptic Fits or Falling Sickness, Convulsions, Spasms, &c. It is well known that from time immemorial, physicians have pronounced Epileptic fits incurable. It has haffled all their skill, and the boasted power of all medicine, and consequently thousands have suffered through a "uiscrable existence, and at last yielded up their lives on the altar of insanity. Physicians of every age have pronounced this disease incurable. The proprietors of the vegetable extract, however, feel no delicacy in prelaring that it can be cured. They would, therefore, respectfully invite physicians, and all others who are interested, to examine the testimony which is here offered. If it is deception, let if be exposed; but if it is true, then in the name of humanity, no longer let it be said that Epilepsy is incurable.

Hart's Vegetable Extract. For sixteen years, has been tested by many persons who have suffered with this dreadful disease, and in every case where it has had a fair

trini, has effected a permanent cure Col. Denslow, of Yonkers, New York, states that his daughter has been afflicted with fits for more than nine years, and has been cured by Mrs. J. Bradley, 115, Orchard street, New York, states that she has health, after every other means had failed, by the use of the vegetable

Dr. Charles A. Brown, of Dover, Russell county, Alabama, who is one of the best physicians in the State, says that he has been much benefitted by the use of the vegetable extract, and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his Curtis G. Mayberry, Esq., formerly postmaster at Lime Mills, Crawford co., Pa., now living in Eric co., Pa., states that for many years past he has teen sorely afflicted with fits, and he is now happy to state that by a persevering use of Dr. Hart's Vegetable Extract for a few

months, has restored him to sound health, being entirely free from that worst of all diseases. It will Cure! The child of William C. Anderson, North Fourth street, Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physicians was called, who decided that the case was a | 2,000 do hopeless one, and that the child must die. Whist the child was in this dangerous state, Mr. Anderson called at my office, which was in the month of February last, and obtained a bottle of the extract with the accompanying medicines, and administered it to the child, and the result was a perfect restoration of health, which has continued to the

The son of Robert McGee, corner of Sullivan and Prince streets, New York, was severely afflicted with epileptic fits. In this case also, the physicians held a consultation, and decided that they could do no more, and that nature must effect its own cure, or the boy must die. The vegetable extract was administered to him whilst in a fit, and I was to'd by one of the attending physicians, as well as by Mr. McGee himself, that its effects were almost instantaneous. The fit was broken and the boy restored to health. Mr. McGee says, "I shall never again be without the medicine in my bouse if I can avoid it, for fear that some of the rest of my children may be attacked in the same

way. I consider the medicine invaluable.

Testimony upon Testimony. In reference to the almost miraculous efficacy of this truly wonderful medicine, read the follow letter from Doctor W. L. Monroe, of Guilford, Ohio, one of the most eminent physicians in that place.

GUILFORD, OHIO, August 17th, 1846. Brother laborer in the cause of Humanny : Dear Sir-it is with no small degree of pleasure that I am enabled to announce to you the complete triumph of your invaluable medicine in cases of Epilepsy. I have prescribed it in four instances in this vicinity, and it has been successful in all. Three of the patients, I trust, I think, without doubt recover. I am not in the habit of prescribing or recommending patent medicines, but when I see an article which promises so much for the relief of suffering humanity, I feel it my duty to recommend it, and I have no hesitation in saying, that as soon as the faculty are fully acquainted with the real merit of your medicine, they will close their eyes against prejudice, and lend you a helping hand.
I subscribe myself, yours, sincerely, W. L. MONROE, M. D.
To Dr. S. Hart, New York.

FITS OF 27 YEARS AND 6 MONTHS CURED BY THE USE OF THIS TRULY WONDERFUL MEDICINE. Read the following remarkable case of the son of William Secore Esq. of Philadelphia, afflicted with epileptic fits 27 years and 6 months After travelling through England, Scotland, Germany and France, consulting the most emment physicians, and expending for medicine medical treatment and advice, three thousand dollars, returned with his son to this country, in November last, without receiving any benefit whatever, and was cured by using Hart's Vegetable Extract.

Mr. Wm. Secore's letter to Drs. Ivans & Hart.—I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a four to Europe, which I did. I first visited England, I consulted the most eminent physicians there in respect to his case. They examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most I received was their opinion that my son's case was hopeless and positively incurable. I accordingly left England, and travelled through Scotland, Germany and France, and returned home in the month of Nevember last. I saw your advertisement in one of the saw York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cutes, some of twenty and thirty years' standing, and I can assure you that I am not sorry I did so, as by the use of Hart's Vegetable Extract alone, he was restored to perfect health. His reason, which was so far gone as to unfit him for mes, is entirely restored, with the prospect now before him, of shares a proportion. A certificate of 25 wholes will cost \$130- life, health and usefulness. He is now 28 years of age, and 27 years and 6 months of this time has been afflicted with this most dreadful of diseases; but thank Go I, he is now enjoying good health. Now, gentlemen, faith without works I don't believe in. To say that I shall be ever graveful to you is one thing, and as I here enclose you one hundred dollars, I have no doubt but you will think this ano-

> you; but please accept this amount as interest on the debt in advance. WILLIAM SECORE. Opinions of the Press. EFILERSY -This disease is considered by all to be the most dreadful that ever afflicted the human race, as its tendency is to insanity, madness and death. With such fearful results as these, who, among its unhappy subjects does not shudder. The most skilful physicians of Europe as well as those of our own country, have pronounced Epilepsy (or falling sickness as it may be termed incurable. We are happy however, to state to our readers that Drs. Ivans & Hart of this city, by will in a very short time effect a permanent cure. We speak thus pos-Rive, because we have within the last few weeks seen quite a number flicted with epilepsy in its worst form for nearly 24 years, and had from time to time employed the best medical talent to be found, and all to no purpose, until he placed himself under the treatment of Irs. Ivans thank God, I feel that I am a well man. I also feel it my dity to proclaim it to the ends of the earth, that those similarly afflicted, may find

and others who have been cured. One says, "I have suffered beyond | year as they can be collected and prepared for the journey. ms powers of description, but now I rejoice in the prospect of soon being fully restored, as my health of late has much improved." Another who is an eminent lawyer and well known in this city, says, "My son has been afflicted for years with epilepsy, but is now enjoying good health from the Vegetable Extract. Its fame, says he, should and ought to be sounded to the ends of the earth." Another says, "Language is entirely inadequate to express my gratitude to Messrs. Ivans | to hasten the emigration and make it general, but it will not be respon-& Hart for having been the means under the blessing of God of restoring me to the enjoyment of good health after having been afflicted with epilepsy in its worst forms for o ore than 23 years, and my morning those making hem have the ability to execute the contracts,—the and evening of lations of praise and thank sgiving shall continue to as cend to that God who has afflicted, but to make me whole." We doubt not that the time is not far distant when thousands who are now trembling under the hand of this dreadful disease, and fearing that every attack may prove tatal, will find permanent relief and be restored to new tife by using this celebrated medicine, HART'S VEGETAALE of the United States. BRAGG'S INDIAN QUEEN VEGETA-BLE SUGAR COATED PILLS,

The Great Popular Medicine Of the day---Vast amount used per month---The numerous and Wonderful Cures i. effects--- Its Magical Effect upon Bilious Fevers, and Fever and Ague---Great Excitement among the Doctors!

THE Indian Queen Vegerable Scoon Coares Pills are now admitted, on all hands, to be the most extraordinary and valuable medicine in general use. It not only acts as a specific upon Bilions and Typhus Fevers, Chills and Fever, and Fever and Ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and ell diseases prevalent in a western and outhern climate. Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they produce. In this lies the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of life. The extensive popularity they have a quired all over the west and touth ensures sales of at lens

50,000 Boxes per Month, And we find it difficult, with our large force of hands, and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the demand in thirteen western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not less than 10,000 cases of Fever and Agne, one thousand of which have

4,500 cases of Bilious Fever : 5,300 do of weakness and general debility;

400 do of Typhus Fever; 300 do of Putrid Sore Throat. This must appear almost incredible, but the numerous letters from physicians, agents, and those who use the medicine, from all the western and southern States, satisfy as that this is a moderate estimate, and that our medicine is rapidly taking the prace of the various sugar-coated counterfeits who have affoat, and the numer-ous tonic mixtures, made wholly of quanties, which are imposed upon the public by manufacturers who live, nobody knows where! Dr. Bragg's famous Sugar Coated Indian Queen Vegetable Fills are of two kinds-the Cathartic and Tonic. The Tonic pills are

It rarely requires over twelve hours; or more than half a box of the tonic pri s, to break the chi lls and effect a permanent curewhich is rarely the case with the tonic mixtures of quinine, hawk ed about the country by ignorant pretenders. Those who take the tonic pills will never forsake them. Who can wonder, then, that a medicine of such extensive popularity, and extraordinary virtues should cause

peculiarly adapted to the quick and permanent cure of Fever and
